About

The majority of Farm Frites products are:

the fresh taste of the land

Farm Frites was founded in 1971 as independent family business. Today, we craft over 1.5 million tonnes of potatoes each year into delicious fries and potato specialties, delivering them to foodservice providers worldwide.

Farm Frites Australia was founded in 2016, with an aim to be at the forefront of global trends, striving to produce innovative, value for money products for our customers. From field to plate, we are committed to serving happiness, providing local expertise and personalised service to the Australian food service market.

OUR
HEROES

4 Fine Reasons

MADE FROM A-GRADE POTATO

#1 Taste

We select the best potato varieties and batches based on two criteria, pure potato taste and consistent good length.

#2 Yield

The good consistent length help provide an excellent yield from every kilogram of fries.

#3 Dedication

Modern techniques combined with the care and dedication of the past. Farm Frites Finest is the culmination of over forty years' artisan experience.

#4 Freeze Chilled

The Freeze Chilled capability allows the Finest products to be cooked from thawed.
